PROJECTS

Digital Hub | MongoDB, Express, React.js, Node.js, Mongoose | [GitHub](#) - in progress

- Full stack social media app that utilizes Formik and Yup for registration validation system.
- Utilized Cloudinary to upload images from posts - posts accepts text, emojis and backgrounds.
- Configured React Redux store to set up a global store to share data across all components.

Atlantic | API, React.js, Tailwind, Netlify | [GitHub](#), [live link](#)

- Front end ecommerce app that uses a third party API to populate random product data.
- Implemented search and filter functions using JavaScript to improve user functionality.
- Integrated shopping cart feature which persists across browser sessions using Web Storage API.

Popcorn Time | MongoDB, Express, Node.js, Ejs, Mongoose, Heroku | [GitHub](#), [live link](#)

- Group designed web app that uses user's inputs to populate data about movies and reviews.
- Added CRUD functionality to allow users to update the movies and reviews they've added.
- Secured sensitive user data using bcrypt which utilizes hash and salt to store passwords.

EXPERIENCE

Weatherproof Garment Co.,

11/2017 - 05/2022

Production Coordinator, Weatherproof, Gallery and Martha Stewart

New York, NY

- Managed the production of 500+ SKUs for accounts in North America, Asia, Europe and Oceania.
- Improved the planning and scheduling process by creating and maintaining a database that identifies 100% of goods in production.
- Leveraged planning knowledge to drive supply chain activities through the product development, modification and production processes.

Venture Capital - in stealth

02/2017 - 11/2017

Intern, Data and Project Management

New York, NY

- Reviewed vendor's output on a daily basis and created reports of any observed vendors' quality issues for management's review.
- Crafted taxonomy structure and authored documentation for it to help guide what the models needed in order to improve accuracy.
- Aided development and engineering team with app technology development by providing research in fashion trends
